

Letter of Recommendation

February 13, 2019

To WHOM IT MAY CONCERN,

Dear Sir or Madam,

This letter serves as our formal recommendation for Spaceframe Construction & Engineering Co., Ltd. as a qualified and reputable General Contractor operating in China.

Again, like Phase I project, Spaceframe did a great job during our Phase II extension project in Tianjin, started in April 2018 and handed over today in March 2019. Their efforts produced high quality and safety results in the face of a very aggressive time schedule.

We would like to emphasize that Spaceframe has demonstrated during all phases of the project their commitment to perform successfully by showing a strong attention to detail with regard to schedule, quality control, cost management, safety and the overall project administration.

Thanks to all Spaceframe team for their dedication and contribution to our projects. Their professional performance has proved themselves once again an excellent and reliable partner to Handtmann. We would be very glad to cooperate with Spaceframe again in future and highly recommend them as qualified General Contractor candidates to any companies in China who may in need of their services.

Yours faithfully,

ppa. Hermann Hahn
Group Management/Finance Director
